### Profile

Motivated and detail-oriented software developer with strong problem-solving skills and a solid foundation in programming, full-stack web development, and database management. Experienced in working with technologies like MERN stack, and .NET. Passionate about building user-friendly web applications and continuously learning to enhance technical expertise.

### Skills

#### Programming Languages

C, C++, C#, Java.

#### Version Control

Git, GitHub

#### Databases

MySQL, MongoDB, MsAccess

#### Web Development

MongoDB, Express.js, React.js, Next.js, Node.js, HTML, CSS, JS, Tailwind CSS, Bootstrap, ASP.NET Web Form.

#### API Testing

Postman

#### AI Assisted Development

Vercel v0, GitHub Copilot, Cursor IDE.

### Projects

**Spellbound-bg-remover**, SpellBound is a full-stack AI-powered SaaS application that allows users to instantly remove backgrounds from images with high precision. Designed with a credit-based system, users receive free credits upon signing up and can purchase additional top-ups via a secure payment gateway. The app features a seamless, responsive user interface and a robust backend to handle image processing and transaction management. [🔗](#)

12/2025 – 2025

#### Tech Stack:

- **Frontend:** React.js (Vite), Tailwind CSS, React Router DOM
- **Backend:** Node.js, Express.js, MongoDB (Mongoose)
- **Services:** Clerk (Auth), Razorpay (Payments), Clipdrop API (AI), Vercel (Deployment)

#### Blog, MERN Stack [🔗](#)

04/2025 – 05/2025

A full-stack blog platform built with the MERN stack, enabling users to create, read, update, and delete blog posts. Features user authentication, rich text editing, and a clean, responsive UI for seamless user experience.

<b>Panchayat Khabar-Online News Portal</b> , .Net <a href="#"></a> A web-based news platform built with ASP.NET <a href="#"></a> , offering categorized local to international updates. Designed for instant publishing, user-friendly navigation, and secure, responsive access to timely news content.	03/2025 – 04/2025
<b>Darpan Admin Web App</b> , .NET <a href="#"></a> The "Darpan" admin web app is a centralized platform designed to efficiently manage the database and all administrative functionalities of my online news website "Panchayat Khabar". It empowers you to oversee and control content, users, and site operations, ensuring smooth operation and up-to-date news delivery.	05/2025 – 06/2025
<b>Movie Website</b> , React A dynamic, responsive platform to explore popular and trending movies. Showcases front-end development, API integration, and real-world web development skills.	11/2024 – 12/2024
<b>Text to Speech(TTS) and Speech to Text Converter(STT)</b> , JS, Bootstrap <a href="#"></a> This project is a bidirectional conversion tool. It implements a <b>Text-to-Speech (TTS)</b> engine that synthesizes audible speech from written text, and a <b>Speech-to-Text (STT)</b> engine that accurately transcribes spoken language into its corresponding textual representation.	07/2025 – 07/2025
<b>Online Dictionary</b> , CSS, JS, API Integration <a href="#"></a> This project is an online dictionary application that leverages a free dictionary API to provide users with comprehensive word definitions and linguistic data.	08/2025 – 08/2025
